

OUR CAMPUSES

📍 Homefield Road

Our largest campus where centralised administration and services are located. Here, there are well-equipped classrooms, library, resource and academic support centre and informal learning spaces. There is also a refectory serving hot food and a Grab & Go Café on site.

Homefield Road | Douglas, Isle of Man, IM2 6RB | ☎ 648200

📍 Elmwood House

Located close by the Homefield Road campus. It has a lecture theatre, purpose-built cybersecurity training lab and an informal learning environment/study space.

Glencrutchery Road | Douglas, Isle of Man, IM2 6DB

📍 Keyll Darree

Adjacent to Nobles Hospital. There is a large lecture theatre, breakout/catering spaces and a range of classrooms, together with IT facilities and a health/medical library.

Strang | Braddan, Isle of Man, IM4 4RH | ☎ 642934

📍 The Nunnery

Set in tranquil grounds, The Nunnery has a lecture theatre, a range of classrooms, IT spaces and an informal learning environment/study area.

Old Castletown Road | Douglas, Isle of Man, IM2 1QB | ☎ 648210

ACADEMIC SUPPORT

Academic Support Centre (ASC)

The ASC offers one-to-one or small group support sessions to any students who require extra help with their academic work. ✉ asc@ucm.ac.im

The Hall Caine Library, Homefield Road

This library has a collection of academic resources to support you throughout your studies and includes different working areas to facilitate individual or group work. In addition to the computers available for use in the library, you can also loan laptops and iPads here. As a higher education student, you can access a range of e-resources via a platform called Open Athens. ☎ 648207 | ✉ library@ucm.ac.im

Library, Keyll Darree

This library provides quality resources to support the information needs of students and professionals in health and social care. It stocks a wide range of books and journals on health, social care and management topics. It has multiple spaces that facilitate various ways of study, including an IT room and a wellbeing area. ☎ 642993 / 642974

STUDENT VOICE

Student Academic Representative (StARS)

Each course will democratically elect a representative to share your views, ideas or issues at student/staff liaison meetings, to ensure that your voice is heard.

Manx Students' Union (MSU)

You will be eligible to join the MSU which aims to promote student-friendly culture on the Island, and is a safe student-only space for you to discuss your views and share resources among members.

📌 Manx Students' Union Facebook Group

UCM is an Associate College of the University of Chester (UoC), which accredits and awards our degrees.

A DEGREE WITHOUT A DEBT

STUDY LOCAL BUT THINK GLOBAL

Every degree course delivered at UCM includes off-island study opportunities

WHY UCM?

100% SUPPORT

from expert industry lecturers and small teaching groups

OVER 10,000

hours of graduate expertise poured into Manx economy every year during **EMPLOYABILITY PLACEMENTS**

Student Services offers a wide range of support to students whilst they are studying at UCM.

Personal support is provided by the two Student Welfare Officers who are available for confidential appointments.

Student Services staff can help and guide on financial matters: course fees, student grants, benefits, free lunches, budgeting and dealing with debt, for example.

Appointments to see a Careers Advisor can be made via Student Services which also runs an Employability Skills Programme giving students the chance to learn and practice the skills most valued by employers.

UCM prides itself on being a healthy College; the Health and Well-being Co-ordinator is based in Student Services and provides opportunities for students to take part in sporting and well-being activities.

STUDENT SERVICES

- Learning and Information Services**
You will have access to UoC's online systems, including Chester Portal (university intranet), Moodle (virtual learning environment), network accounts, Office 365, e-resources and more.
- Online study skills resources**
A wide range of resources to support your learning.
- Online self-help student support & guidance**
This includes materials that can help you with a range of issues including information on managing money and budgeting, as well as self-help resources relating to student wellbeing, compiled by UoC Student Counselling Service.
- Chester Student Union (CSU)**
Aims to ensure that as a UoC student, your views and opinions are voiced at all university meetings. They provide professional, independent and confidential support, information and guidance, and also have information on the range of student discounts that you can access as a student.

91%

of our students gain graduate level employment, upon or before graduation

86%

gain a **TOP GRADE** (1st OR 2:1)

compared to 76% of UK graduates who achieved the same grades (Higher Education Statistics Agency 2017/18)

ART, DESIGN & MEDIA

BA (Hons) Visual Communication through Digital Media

Explore and develop your passion for art, design and technological innovation through this creative programme which has career opportunities in areas that include graphics, contemporary art, illustration, crafts, fashion, animation, and photography.

HEALTHCARE

Foundation Degree in Health & Society

Equip yourself with the knowledge and skills required to develop a strong career in the health and social care field. This practical and fascinating degree explores the biology of disease, sociology of health, environmental health, and includes two work placement opportunities. Upon completion of the foundation degree, you can choose to 'top up' to the BSc (Hons) Public Health by adding a further year of study.

BSc (Hons) Public Health

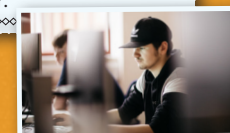

With the impact of Covid-19, public health is more important than ever. Study and practice the expertise required to understand the intricacies of disease control, interpreting demographic health data and the information of people, whilst developing your communication and leadership skills.

IT & COMPUTING

BSc (Hons) Computer Science / Applied Computing

Explore this dynamic and rapidly growing area that has become an integral part of the world that we live in today. After you have completed your first year of study, you can pursue computer science or applied computing. Having a degree in this field will give you a deep understanding of theories and emerging technologies, and will provide you with the background needed to achieve a successful career in this fast-paced sector.

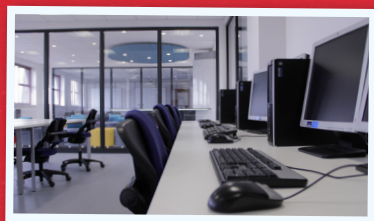

BSc (Hons) Cybersecurity

Immerse yourself in the fascinating world of cybersecurity, and acquire the key skills and expertise to investigate, monitor, and to protect systems and organisations through ethical hacking, digital forensics and cyber intelligence. With technology dominating the modern world, the security of the internet and of the information stored, has never been more important.

BUSINESS

BA (Hons) Business Management

Delve into the fast paced and constantly changing world of business and entrepreneurship. Acquire a wide range relevant skills and knowledge, including strategy, marketing, people management and financial planning, and prepare yourself for an exciting future in the business sector.

BA (Hons) Event Management & Marketing

Event management is a diverse and growing sector. Successful live and digital events require a host of knowledge and skills that you will obtain during this degree. Logistics, marketing campaigns, creative problem solving, and project management are just some of the transferable skills that you will gain and put into practice when running 'real' events as part of your studies.

BN Nursing (Adult)

Develop your care, compassion, courage, commitment and communication skills, and learn to empathise with others in this rewarding career path. You will have an opportunity to make a real difference in people's lives.

BN Nursing (Mental Health)

Challenge yourself and make a difference in this demanding yet incredibly rewarding field. Helping people back to mental health is every bit as valuable and satisfying as caring for those with a physical illness, and with excellent employment prospects.

Postgraduate Diploma in Cognitive Behaviour Therapy (CBT)

Ideal if you are currently a qualified healthcare professional with a particular interest in counselling and psychotherapy, as you will enhance your knowledge and understanding on how CBT is utilised as a psycho-social intervention to improve mental health. Successful completion of the course will enable you to submit your CBT portfolio to the BABCP in application for accreditation. Should you complete at postgraduate certificate level, you will need extra theory, practice and supervision to be eligible to submit your application.

SPORT

Foundation Degree in Sports Coaching

Passionate about sport? This course will help you to develop the knowledge, practical skills and experience needed for a professional career in sports coaching. Whilst being guided by experienced and friendly staff, you will gain hands-on practical experience in a realistic working environment. Upon completion of the foundation degree, you can choose to add another year of study to complete a BA/ BSc (Hons) degree.

Foundation Diploma in Fitness & Health

Equip yourself with the academic skills and knowledge which can enable you to pursue exciting roles within the fitness, leisure and health sector. The importance of exercise to our health and wellbeing is explored within this popular and challenging career path. Upon completion of the foundation degree, you can choose to add another year of study to complete a BA/ BSc (Hons) degree.

Master's in Business Entrepreneurship (WBIS)

Perfect if you are a recent graduate who is keen to kickstart your career whilst continuing with your studies at Master's level. This is a 15 to 18-month placement-based programme which combines advanced business practice and theory, allowing you to gain hands-on experience, whilst forming valuable professional networks.

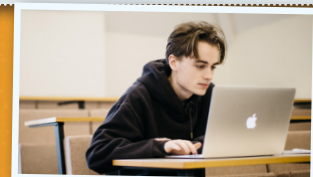

BSc (Hons) Accounting & Finance

Enhance and develop your abilities in the field of finance and secure yourself a challenging, yet rewarding career in the accounting and finance industry. The degree includes a number of professional accountancy exemptions which prepare you to start your career in the sector upon graduation. Graduate accountants will also be able to move into management positions.

HISTORY

BA (Hons) History & Heritage

Dive into the past, and explore this wide-ranging degree which covers aspects of local and international history and heritage from ancient times to the present. The skills gained by history graduates are highly valued in the workplace, with graduates finding employment in business, management, law, politics and the media, due to their outstanding research and analysis skills.

Need more time to prepare for a degree?

We offer **Access to Higher Education** courses to give you the relevant qualifications, skills and knowledge to enable you to progress to higher education.
