
Level 3 City & Guilds 6706 – Diploma Site Carpentry

Start Date: 12th September 2018

Duration: 1 year

Attendance: Wednesdays plus block weeks

Course code: Q3342

What is the course about?

The construction sector is vital in contributing to the Islands economy and in providing the essential infrastructure to support other sectors. In light of the current economic climate it is more essential than ever to gain skills and qualifications in this area, to improve future prospects and career progression. All our tutors are experienced master craftsmen and women and progression through the course might be able to provide an opportunity for an apprenticeship or full time employment in the construction industry.

If you enjoy working with timber and want to put your practical skills to good use or if you are interested in learning basic woodworking techniques or making complex structures this is the course for you.

This qualification is aimed at learners aged 16 and above who aspire to be skilled in their chosen trade, by progressing through an apprenticeship and working towards becoming a master craftsman.

What are the entry requirements?

Level 2 Diploma in site carpentry, employment and successful interview.

As applications for this craft are usually high and available student spaces are strictly limited, you are encouraged to make an application to College as soon as possible.

What subjects will I study?

The course is broken down into units and includes:

- Health, Safety and Welfare in Construction
- Carry out second fix flooring and roofing
- Carry out second fixing operations
- Principles of organising, planning and pricing construction work
- Carry out first fix roofing and stairs
- Carry out second fixing double doors and mouldings
- Set up and use fixed and transportable machinery

A course specific handbook can be found on the City & Guilds Website:

<http://www.cityandguilds.com/qualifications-and-apprenticeships/constructin/constructin/6706-carpentry-and-joinery>

How will I be assessed?

The course commences September. Each unit is split into practical and theory elements. Self-study is part of the course and you will also be set written assignments that will require some research and time management.

Most units have a practical and theory exam, both of which must be successfully completed in order to progress through the course.

Attendance

The apprenticeship framework is delivered over 3 or 4 years. To progress onto Level 3 you will need to be employed as an apprentice.

Students that do not meet the required milestones will not progress onto the next level of qualification.

What are my progression options?

Successful completion of this course will assist in you progressing onto the Register of Manx craftsmen and craftswomen, employment in either the domestic, commercial or industrial sector, start your own business or Level 3 National Diploma in Construction and the Built Environment.

Who should I contact?

Please contact the Programme Area Secretary on 648205 or email applications@ucm.ac.im
