### What is the course about?

An introduction to the basics of using Adobe InDesign from a professional user perspective. The course is structured around how to use the software to create graphics, logos, posters and documents and will also evolve around the skills and abilities of the students as it progresses.

### Previous experience:

No previous experience required, all welcome.

### Equipment you need to bring:

Perhaps a notepad and pen.

### General Information:

The times advertised for courses, especially 1-day and short courses, will normally include break(s) and a lunch period, as appropriate, and by agreement with the tutor at the sessions.

Students attending one-day workshops might like to note that there are hot/cold drinks and snack vending machines (crisps, sweets, chocolate, biscuits etc) in the College Refectory, which will be open during the day, but there are no sandwiches etc available, so students might like to bring a packed lunch with them, which can be consumed in the Refectory.

Some venues may have restricted parking facilities, disc parking etc, so please also be aware of this.

### Who should I contact?

For further information, please contact the Programme Area Secretary on 648204.
