
HABC Level 2 Award in Health & Safety in the Workplace

What is the course about?

This qualification is intended for learners already in workplaces and those who are preparing to start or return to work. It is also very useful for young people to raise their ability to identify and understand hazards when preparing for work experience or going into employment.

Persons gaining this qualification will know that health and safety is the responsibility of everyone within a business, its contractors, visitors and suppliers. The subject areas covered within this qualification are regarded by the Health & Safety Executive (HSE) as being important to maintaining safe working procedures in the workplace.

What are the entry requirements?
