

## SCENARIO TASK

**Submission date:** 19th August 2021

### Scenario Topic:

Create a 10 minute piece of engaging learning and short assessment that ensures any student would have a good understanding of the key student services available at UCM.

### What you will need:

Access to Wi-Fi, the college website and a device that can create digital learning content \*

### Examples of digital learning methods:

- Podcast.
- Video.
- Infographic.
- Article.
- PowerPoint/other creative tool.
- Social media.
- Chat groups.
- Knowledge testing tools such as surveys.

\*Digital learning: learning facilitated by technology and can be completed at any time, place and pace. Please contact us if you do not have access to materials needed.

## What we are looking for:

---

- Using various methods to appeal to different audience/learner preferences that could be used digitally.
  - Selecting the key pieces of information that add the most value to the student.
  - Learning that can be achieved within 10 minutes.
  - Engaging and motivational content.
  - Consideration for the design aesthetic.
  - Opportunities for the student to interact with the learning.
  - Ability to test knowledge gained.
- 

## How to Apply:

Please complete the UCM online application form, submit this with your CV and scenario task by 12noon 19th August 2021 to [learningcompany@ucm.ac.im](mailto:learningcompany@ucm.ac.im)

Interviews will be held at the Nunnery Campus and a date will be advised soon.
