

The Isle of Curiosity

Jacqui Keenan, Coordinator

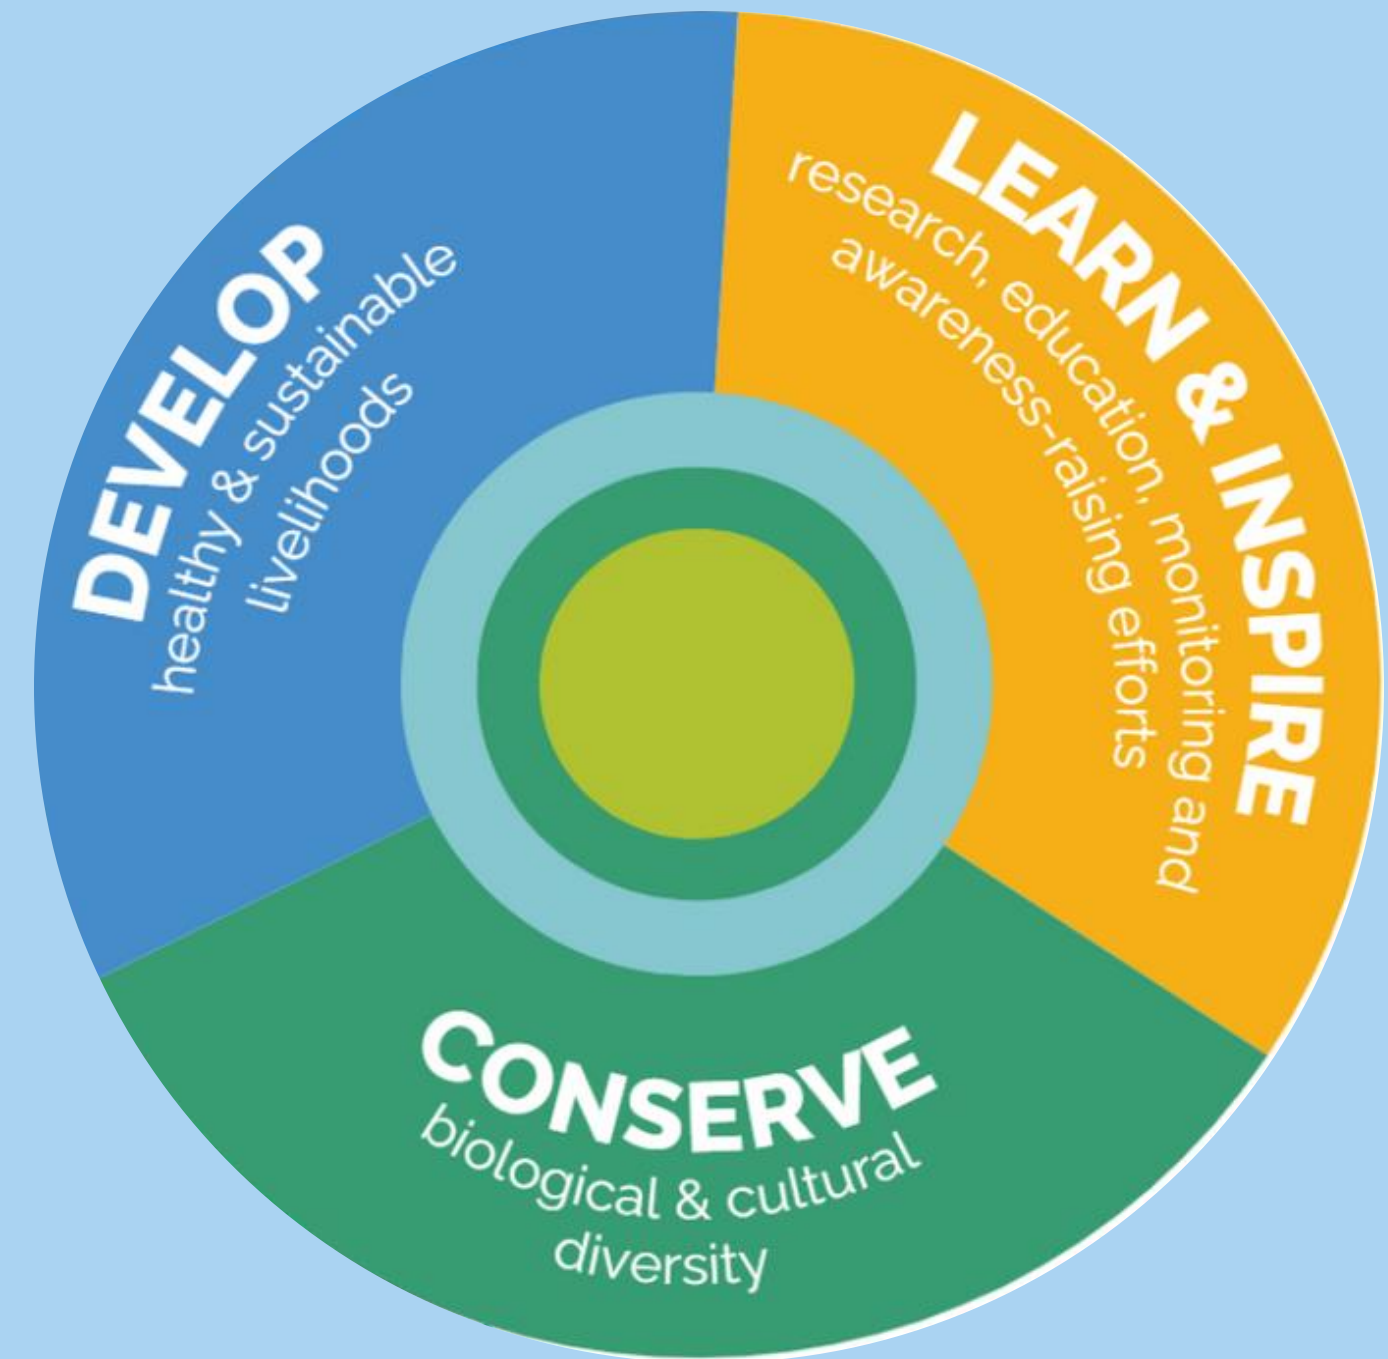

UNESCO Biosphere Isle of Man

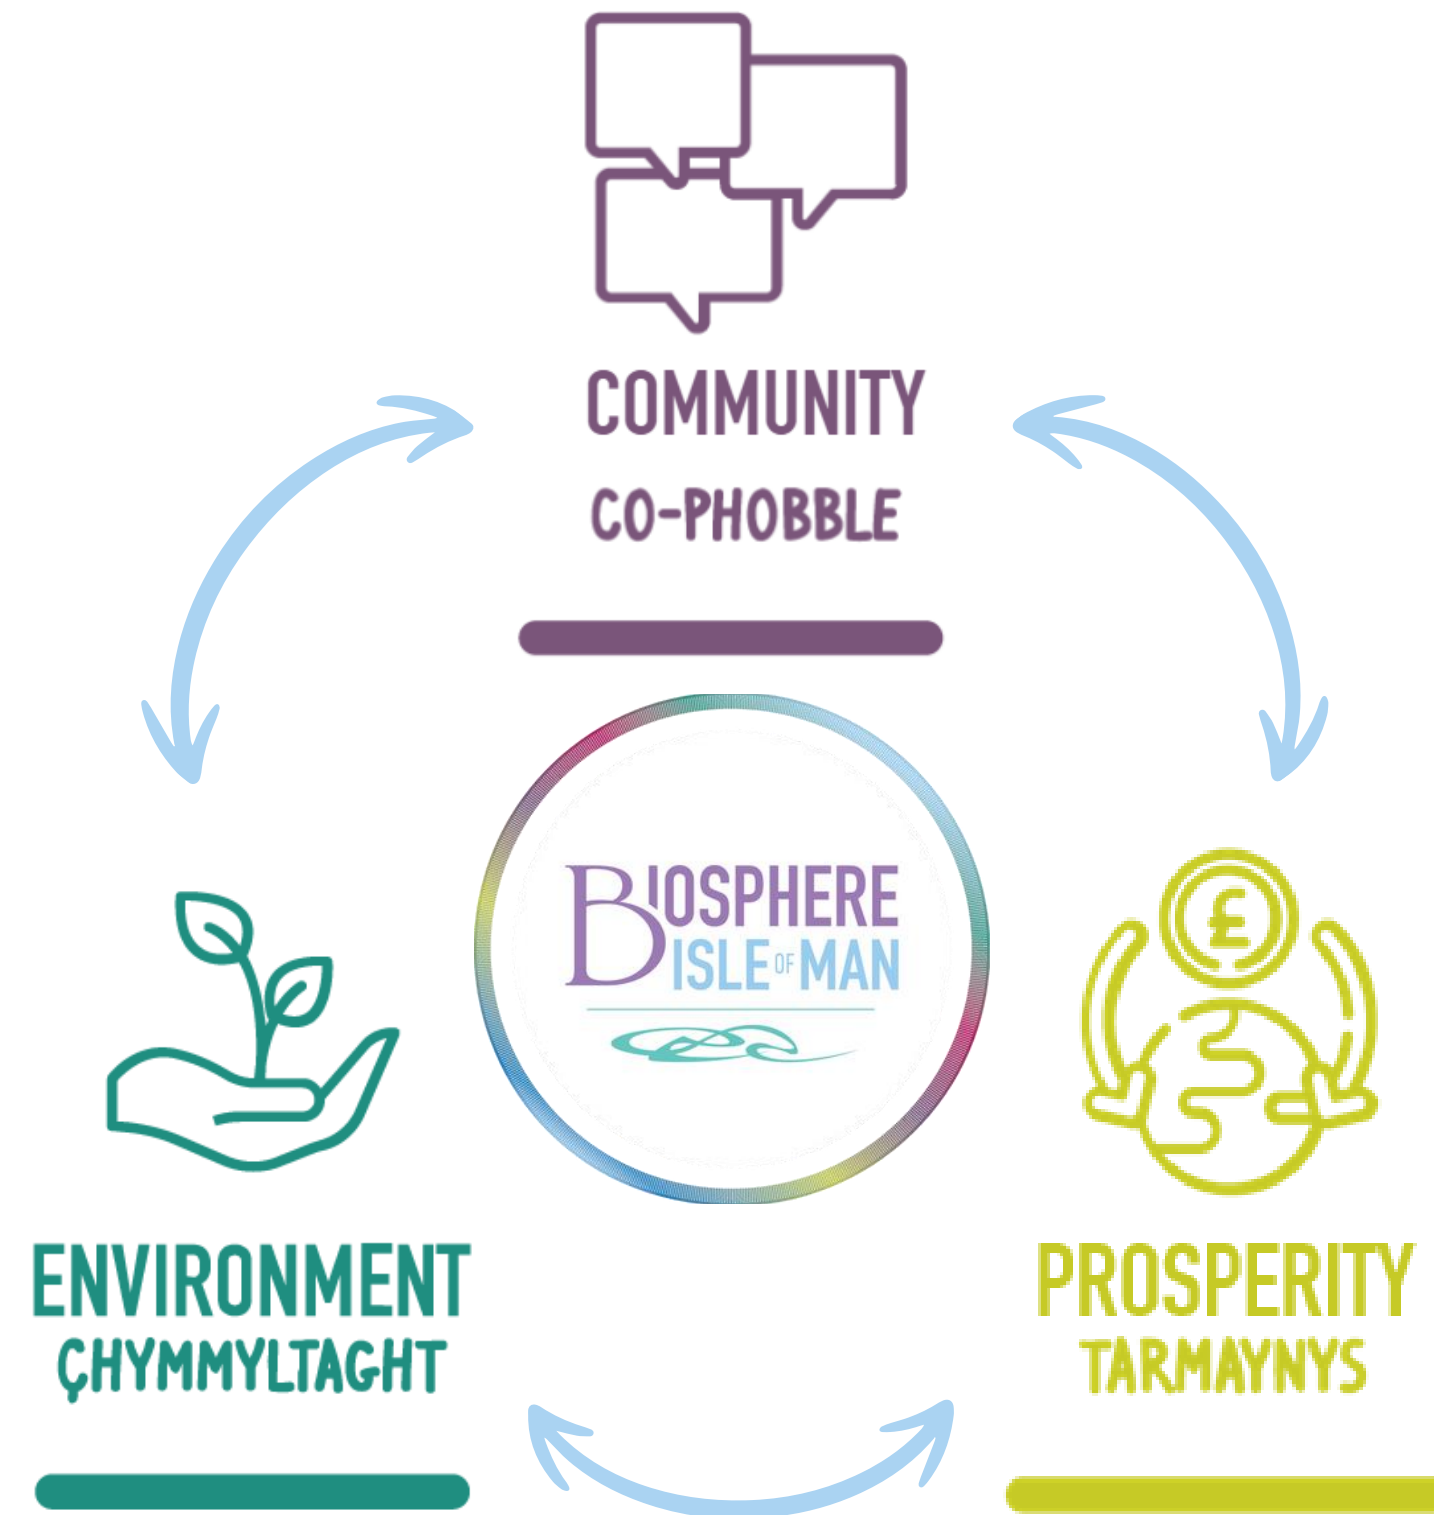

- Introduction to Biosphere Reserves
- Reflecting on 10 years
- A Biosphere vision for the future

UNESCO Biosphere Reserves

The first whole-jurisdiction biosphere

Periodic review

An opportunity to:

- Reflect
- Celebrate
- Learn

Celebrate

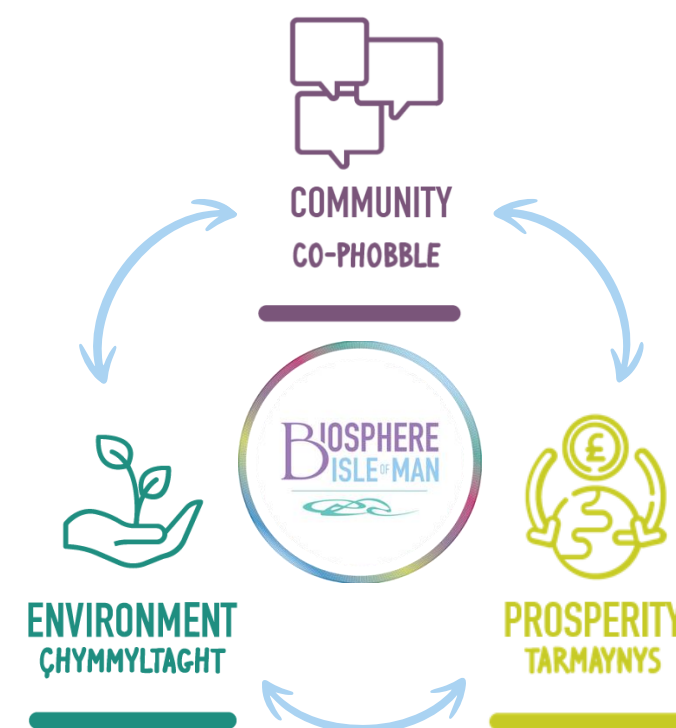

- Driving collaboration
- The island's unique selling point
- Global reputation

Learning

- Research, data, and monitoring
- Investment in biosphere foundations
- More collaboration!

A Biosphere vision

- Biosphere Strategy 2027-2036
- Where do we want to be in 2036?
(and beyond!)
- Stakeholder, partner, and public input

Biosphere IOM: The Isle of Curiosity

- Drive strategic, applied research
 - Community-led. Participatory.
 - Culture, heritage and lived experiences
 - Ecological & social resilience
 - Sustainable innovations and technology
- Facilitate cross-sector, interdisciplinary partnerships
- Hub for research & data

The Isle of Man:
A living lab for
sustainable solutions,
a test bed for
regenerative
practices

Gura mie eu!

Thank you!
